

Businesses Reopening!

COVID-19 Safety Solutions

Masks are being required and we have the solution!

It looks like masks are here to stay for a while, and will likely be required for business, upcoming shows, and events. Branded face masks are a great way to build company recognition as well as create a cohesive team appearance!

Masks

Present a higher standard of safety and professionalism with our non-medical masks. Masks are made with 1/4" elastic ear straps and two layers of knitted fabric to help reduce bacterial and virus transmission, yet still provide easy breathability and maximum comfort.

Germ Resistant Printed Masks

Present a higher standard of safety and professionalism with branded masks. Our masks are made with two layers of fabric treated with HeiQ Viroblock NP J03 to reduce bacterial and virus transmission and ineffectivity. The Viroblock treatment is machine washable, hypoallergenic, and provides a self-sanitizing and germ resistant surface*. Masks not only promote health but are designed to allow for increased breathability and maximum comfort!
